

SIGN

Sign - symbol without Bosnalijek's name

The sign always has to be reproduced in a standard form according to proportions presented in the construction network.

With the purpose of quality and precision of the reproduction, it is not allowed to draw the sign and logotype, nor reconstruct them, change the relations inside the sign such as thickness of the lines or angles.

A person can be given vector logotype of Bosnalijek on an electronic media in the Corporate Marketing Department or the Public Relations Department.
